Message from  
*Organising Chairperson*

It is with great pleasure and honour for me to announce that the 7<sup>th</sup> Asian Angle Closure Glaucoma Club (AACGC) scientific meeting will be held in Kuala Lumpur on the 5<sup>th</sup> and 6<sup>th</sup> December 2009 at the Crowne Plaza Mutiara Hotel in the heart of the city.

AACGC was first founded in 2001 by a group of Asian glaucoma specialists with the aim of playing a leading role in the resolution of prevailing issues related to angle-closure and angle-closure glaucoma in the Asia Pacific region. Since its founding, the AACGC has held 6 scientific meetings, published a book and has actively undertaken activities to promote its missions.

At this meeting we will discuss all issues pertaining to angle-closure and also review recent developments in this area. It promises excellent educational opportunities to familiarise yourself with the latest advances in angle closure glaucoma in a friendly environment which will benefit trainees, general ophthalmologists as well as glaucoma specialists.

We have a renowned international faculty of experienced glaucoma specialists sharing their work in this area. The meeting will have the participation of more than 40 speakers. This meeting also offers a chance to meet fellow colleagues within the region to foster lasting professional relationship to pave way for future collaboration. I invite all of you to come and join us to make this meeting a great success.

**Dr Fang Seng Kheong**  
*Organising Chairperson*  
7<sup>th</sup> AACGC
